

Attachment 1

Private Employment Services Institutions and their branches being denied a permit for preparatory work, establishment, reapply for establishing, and the number or percentage of whereabouts unknown found during authorities' regular inspection and being reported to competent authorities at the municipality, county, or city level for administrative fines as punishment.

Numbers of work permits issued to foreign workers	Percentage of whereabouts unknown
1-30	Above 10%
31-100	Above 5%
101-200	Above 4%
201-500	Above 3.22%
Above 501	Above 2.45%

Note 1: The number of foreigners applying for employment permit:

1. Article 15-1-12: it refers to the total number of foreigners applying for employment permit in two years ahead of the date of application.
2. Article 15-1: it refers to the total number of foreigners applying for employment permit in one year ahead of the date of inspection.

Note 2: Percentage of whereabouts unknown = missing foreigners ÷ the number of foreigners applying for employment permit

Note 3: The number of missing: it refers to the total number of the foreign workers being introduced who are absent without reason for three consecutive days and lose contact within three months of arrival and the number or proportion of revocation or non-issuance of the license after going missing.
